### Welcome Message

Greetings from the journal of Reproductive Immunology: open access which maintains highest magnitude of contemporary standard of publication.

Reproductive Immunology Papers published cover the clinical science and medical aspects of reproductive physiology, pathology and endocrinology; including andrology, gonad function, gametogenesis, fertilization, embryo development, implantation, early pregnancy, genetics, genetic diagnosis, oncology, infectious disease, surgery, contraception, infertility treatment, psychology, ethics and social issues.

A journal where submitted manuscripts are thoroughly scrutinized/reviewed by experts of repute to provide a comprehensive reading experience. This is an open access journal, which means that all published articles are made freely available online. The highest scientific and editorial standards are maintained, along with a rapid rate of peer review and publication.

In the contemporary era where relevant research publication has become a maxim for academicians amid mushrooming of numerous journals, Reproductive Immunology: open access Journal offers an impartial platform for quality research work par excellence. The said journal is where distinguished quality research, exemplary enthusiasm and incessant devotion are interwoven to provide the scholars an impartial platform where the outcome of their precious hard work finds expression. The journal is managed by a galaxy of internationally recognized Editorial Board Members.

I, being the editorial board member, of this esteemed journal, solicit submission of your precious work as manuscripts in the form of full-length Research articles, literature Review, unique case encounters and/or short communications, Case studies, Mini review, commentary.

Lastly I would like to wish all the Authors and readers to encourage and increase the scope of the journal by contributing your valuable research submission and enlighten the knowledge globally.
