16th International Conference on Immunology (Immunology Conference 2019) hosted by [EuroSciCon Ltd.](#) took place during October 10-11, 2019. It was organized by [EuroSciCon Ltd.](#) and generous response was received from the Editorial Board Members of [EuroSciCon Ltd.](#) Journals as well as from eminent scientists, talented researchers, and young student community. Researchers and students who attended from different parts of the world made the conference one of the most successful and productive events in 2019 from EuroSciCon Ltd. The three-day program witnessed thought provoking keynote and plenary presentations from experts in the field of Immunology and highlighting the theme, "Determine the most recent developments in Immunology and VaccineResearch"

Journals as well as from eminent scientists, talented researchers, and young student community. Researchers and students who attended from different parts of the world made the conference one of the most successful and productive events in 2019 from EuroSciCon Ltd. The three-day program witnessed thought to provoke keynote and plenary presentations from experts in the field of Immunology.

Our Attendees obtained the updated and current research development information in the arena of [Immunology](#) that they were seeking, and that their role in the field has been enhanced via their participation and communication with other experts. They were able to take part in all the sessions and take advantage of the tremendous advancements in [Immunology](#) that scientists are working with.

The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks:

Immunotherapy and Vaccine, Diagnostic Immunology, Allergies and Hypersensitivities Immunotoxicology, Immune Tolerance, Tumor Immunology, Autoimmune disease, Immuno, Genomics, Nutritional Immunology, Clinical Immunology, Cancer Immunotherapy, Reproductive Immunology, Immune Tolerance, Immunotoxicology, Neuroimmunology, Microbial Immunology, Cellular Immunology, Pediatric Immunology, Immuno Dermatology, Immuno Hematology, Computational Immunology, Veterinary Immunology, Mucosal Immunology

The highlights of the meeting were from the Eminent Keynote Lectures from

- Wassil Nowicky, Austria
- William N Sokol, USA
- Michel Leclerc, France
- Yaffa Mizrahi Nebenzahl, Israel
- Gilbert Glady, France
- Byoung S. Kwon, South Korea
- Nataliya M Kushnir, USA
- Edward P Cohen, USA
- Yi Yang, Biocytogen, China

Immunology 2019 played an important role in promoting multidisciplinary interactions between science and technology to enhance research in Immunology. The program covered current and emerging research innovations in the field of Immunology.

We would specially thank the Moderators of Immunology 2018 Francesca Mancini, Italy and Jefferson Bitencourt Borges, Brazil for their contribution to the conference.

We are obliged to the various delegates from companies and institutes who actively took part in the discussions. We sincerely thank the [Organizing Committee Members](#) and Editorial board of Immunology 2018 for their gracious presence and continuous support throughout the proceedings of this event. With the valuable feedback and generous response received from the participants of the event, EuroSciCon Ltd. would like to announce the commencement of International Conference on Immunology Research" during Jun 24-25, 2020, at Rome, Italy.

Let us meet again @ [Immunology 2020](#)
